

Members Update-December 2005

At the BAC Committee Meeting held on Tuesday 29th November 2005 a number of issues were raised and agreed, it was felt that members needed to be updated concerning these issues as soon as possible.

- All future events at Llandow and Ewenny Woods will be limited to a maximum of 25 Entries, i.e. Drivers – this has been decided because of Health & Safety Issues and general management of each event including the time the actual event takes which leads to entrants spending a long time waiting to take part, as well as in response to members requests.
- Members will be able to sign on for events up to 4 weeks in advance by completing the relevant Sign-on Form which will be made available on Tuesday evenings at the Barley Mow.
- Payment must be made at the time of Sign On, money will only be refunded if the place cancelled is subsequently taken by another entrant. Tom Pedersen has agreed to administer this from 1st January 2006.
- Remaining places for an event will be available on the day, subject to the maximum of 25 drivers for an event.

The committee agreed that organising and setting up events was very resource hungry and the club needs to have more volunteers to set up and run future events.

Please let the committee have your feedback on the above as soon as possible either speaking direct to a committee member, completing the form below and handing it to a committee member or emailing the secretary on this address:-
